

Code Grid View

16/07/2025 9:20 pm BST

Summary

The Code Grid View provides a view of all information for code items by Code Type.

Note: This grid is read-only and codes cannot be changed from here. For information on how to edit a code, see the [Code Maintenance page](#).

Details

Code Grid View can be accessed from the Administration menu. (Administration > Code Entry > Code Grid View).

Using Code Grid View

1. Filter by Site and by Stock Centre using the filters provided.
2. Select a Code Type from the left-hand menu to load the relevant codes.
3. The codes will be displayed in a list format.
4. Use the scroll bars along the bottom and right-hand side to view codes and details.
5. Use the paging arrows at the bottom of the screen to view more codes.
